## ALCOTT REHABILITATION HOSPITAL

For a valued employee recognized for their service and creating exceptional care experiences with our guests and team members.

*Congratulations!*

In all my years as a professional rehab practitioner, I have never encountered such a formidable director of rehab. Sujata is the ultimate professional! She listens to all of the staff inquiries, which are many, on a daily basis. This job requires someone who can accommodate requests from the rehab company, Sun Mar, and the scrutiny and ultimate quality care of Alcott. This is a delicate juggling act. She is a very hard worker that never shies from engaging in that "extra mile" for excellence and care coordination. She has vision for the future to yet continues improving our service delivery. Sujata inspires us to improve and transmit care, compassion, and quality performance on a daily basis.

I would like to nominate Eva Salinas (11-7 , East Wing) in the area of Genuine Care, because Eva is a trustworthy, hard working, and excellent team member to work with.

She definitely demonstrates quality of care for her assigned residents. She was a great partner whenever I was on the shift. I am sure that a lot of people would agree with me nominating Eva for the care champion for Alcott rehabilitation.

It is my great pleasure to nominate Beatriz Arciniega, 7-3 CNA, as our Care Champion. Beatriz is deeply committed to our residents and family members. She is always smiling. Whenever you ask her to do anything, she does not hesitate or say, "that is not my patient nor my assignment". She is always willing to help. Beatriz's assigned rooms are always clean. She is a pleasant employee and has been working at Alcott since 2005.

**I am proud to have her on board at our 5-star facility.** *Staff Member*

I am very pleased to have Beatriz as a CNA for my mother. She puts patients belongings in right order and is very organized. She works very hard with all patients.

**Most of all, I can rely on Beatriz at all times.**

We celebrate a very special employee on her 30<sup>th</sup> anniversary here at Alcott Rehabilitation Hospital.

Nelda started as Alcott's Activity Director. For years she entertained residents before stepping into the Admissions Coordinator Position. One staff member recalls how Nelda Created a Unique Care Experience every week for years.

Every week, the residents had a Communion Ceremony given by women named Leah. Leah had no transportation, so every week Nelda personally picked up Leah every week so that they would continue to hold Communion. Nelda's dedication and commitment to Alcott defines what it is to be a Care Champion.

Alcott Rehab celebrates Noemi Renteria for her Demonstrating Team Work when the Fire Alarm System was activated by accident.

Noemi heard the fire alarm sound and she was the first person to grab a fire extinguisher and she raced around the entire facility. Because this was not a scheduled drill, the location of the fire was not announced. If there had been a fire, Noemi's actions could have been life saving, and for this, she is our Care Champion.
